1. General

1.1. Information on the prison

You have arrived in Pyhäselkä Prison. The prison is located in Joensuu, 25 km south of the city centre. It is a closed prison for sentenced prisoners and remand prisoners. There are 87 prisoner places.

This is the information leaflet of the prison. Here you can find information on the operation of this prison and the practices regarding remand imprisonment and serving a prison sentence. You should also read the prison order, which contains provisions you have to follow.

Each ward has a daily schedule, which is the timetable of the ward. The daily schedule includes, among others, the opening and closing of the cell doors, outdoor exercise times, mealtimes, and activity hours. In addition, each ward has a folder, which contains statutes dealing with imprisonment, such as, acts, decrees, regulations and instructions and a list of procedural instructions. The prison rules of Pyhäselkä Prison are in the folder, too. You can read the folder when the ward is open. The daily schedules are on the notice boards of the wards. The main statutes are also available on the cell terminals in wards 1–4 and 6–7. Cell terminals will be installed in ward 5 in 2024.

You can find information on the authorities overseeing the operation of prisons on the notice board. All current information will be available on the notice board or via the cell terminal.

If you are not a Finnish citizen, you may contact the diplomatic mission of your home country and, if possible, use an interpreter. If you are a remand prisoner, your communications with the diplomatic mission may, however, be restricted for a particularly important reason related to the clarification of the offence.

You can ask the staff if you have any questions or something is unclear to you.

1.2. Personal official and induction

You are appointed a personal official for the duration your prison sentence / remand imprisonment. The personal official takes care of the smooth progress of your prison term / remand imprisonment and is actively present in your daily life. You can discuss issues concerning you with your personal official, such as the preparation of permission (for example, prison leave or visit), the use of online services and other everyday matters as well as the goals of your sentence plan and how to advance and achieve them.

The staff in your ward will introduce you to the practices of the ward.

1.3. Sentence plan

If you are serving a prison sentence, an individual sentence plan has been drawn up for you before you arrive in prison. The plan will be specified in prison.

The sentence plan guides the serving of the sentence term, release and conditional release. It includes goals you should try to achieve during your sentence term. The sentence plan and the offered options determine in which activities you will be placed in prison.

You can influence the progress of your sentence plan by working together with the staff towards the goals set for you. The progress of the sentence plan affects, among other things, the granting of prison leaves and possible placement in an open prison or probationary liberty under supervision. The realisation of the plan is monitored regularly and reviewed at least three times a year.

If you are a remand prisoner, you will not be drawn up a sentence plan before you arrive in prison. However, with your consent, the preparation of your sentence plan may be initiated during your remand imprisonment.

In Pyhäselkä Prison, your personal official will assess the progress of your sentence plan regularly. Your personal official will arrange a meeting between you and the officials who have worked with you to assess the progress of your sentence plan together at least once a year.

2. Remand imprisonment

Remand imprisonment is not a punishment, but a coercive measure implemented during a criminal investigation and trial. The purpose of remand imprisonment is to secure a criminal investigation, court proceedings and enforcement of a sentence and to prevent the remanded person from continuing criminal activities. The court decides on remanding a person suspected of an offence.

Remand imprisonment ends when a court, a prosecutor, the police or other official with the power of arrest releases the remand prisoner. Remand imprisonment ends at the latest when the judgment of the District Court becomes final or the Court of Appeal issues its judgment.

You may also consent to the enforcement of the sentence and abide by the judgment of the District Court or the Court of Appeal as a court of first instance as regards the sentenced imprisonment even before the judgment has become final. In that case, you start serving the imposed prison sentence and your status changes from a remand prisoner to a prisoner.

The rights and obligations of remand prisoners are partly different from those of sentenced prisoners. For example, remand prisoners' communications may be restricted under the prerequisites laid down in the Coercive Measures Act. The restriction of communications may contain restrictions on correspondence, telephone use, meetings or other contacts outside the prison, or association with a person. The restriction of communications connected with remand imprisonment and the extension of the

restriction is decided by the court. As a remand prisoner, you may not participate in activities arranged outside prison, such as civilian work or studies. In addition, remand prisoners cannot be placed in an outside institution or given permission for supervised activities outside prison.

If you are sentenced to unconditional imprisonment for an offence for which you have been remanded, the period of remand imprisonment will be deducted from your actual prison sentence. If you have been unduly remanded, you are entitled to compensation for the loss of liberty from the State. Compensation is applied for from the State Treasury.

Remand imprisonment can start unexpectedly and so that you have not been able to prepare for it. You can turn to the staff in all unclear matters.

3. Prison sentence and the objective of enforcement

The objective of the enforcement of imprisonment is to increase your readiness to lead a life without crime by promoting your reintegration into society. The members of the prison staff will work with you in various ways based on their job descriptions towards this objective. The aim is to promote your physical, mental, and social well-being and help you to achieve the goals set for the term of your sentence. If you have any questions, you can always turn to your personal official or other member of the prison staff.

3.1. Decision on term of sentence

The Enforcement Unit makes a decision on your term of sentence at the beginning of your imprisonment. The decision includes:

- grounds for the calculation of the sentence term;
- date when the prison sentence or conversion sentence for unpaid fines will be served;
- date when conditional release or other release begins;
- date when probationary period ends.

If you serve a sentence of life imprisonment, the decision includes the earliest date when you may be conditionally released. If you serve a combination sentence, the decision includes the supervision term and its start date.

3.2. Probationary liberty under supervision

You may be placed in probationary liberty under supervision at the end of your sentence term if the conditions for probationary liberty under supervision are met. You cannot be placed in probationary liberty under supervision if you are serving a combination sentence.

You may be placed in probationary liberty under electronic supervision a maximum of six months before your conditional release. Preparations for probationary liberty under supervision are made carefully together with the prison staff. You can influence the possibility of probationary liberty under supervision by working together with the staff towards the goals set out in your sentence plan and by behaving properly during your sentence term. You can also apply for probationary liberty yourself.

Establishing the prerequisites for probationary liberty, finding suitable activities and drawing up contracts takes time. Therefore, you should bring up probationary liberty with your personal official in good time before the desired time of possible probationary liberty. Your personal official can help you with the application process.

4. Basic care and accommodation

4.1. Clothing, linen, clothing maintenance and cleanliness

You may wear your own clothes in prison. The use of your own clothes may, however, be restricted based on, among other things, the prison order. If you are not allowed to have a piece of clothing, you have the right to get a decision on the matter with instructions on submitting a request for an administrative review. The prison may supply you with clothes to use in prison, if you do not have appropriate clothing.

You have to be dressed properly within the prison area. If you are not sure whether your clothing is appropriate, you can always ask the staff.

When you work, you have to wear clothing in accordance with the regulations of the workplace. If the work requires you to wear work clothes due to, for example, occupational safety, you get appropriate work clothes and protective clothing from the prison. The official supervising work activities or the staff at the ward will tell you, which work activities require work clothes and where to get the clothes.

The prison provides bedlinen, such as sheets. In addition, the prison provides you with washing liquids to maintain normal daily hygiene. You can ask the prison staff if you need them.

All textiles, i.e., bedlinen and prison clothes provided by the Prison and Probation Service are washed in a laundry outside the prison. The prison staff tells you the exact days when the textiles are changed. In wards 1–4, the laundry is usually changed on Fridays. The bedlinen is changed every other week. You have to wash your personal laundry yourself in the ward. In wards 6–7, you will get bedlinen, which you have to wash yourself according to the laundry list in the ward. In ward 5, the laundry is changed on Thursdays when you go to sauna. In the reception ward, laundry is changed when needed.

In prison, you have to take care of the cleanliness of your own cell. Every prisoner must tidy up after themselves in the common areas, for instance, after cooking. All rubbish has to be sorted in the bins according to the instructions. The prison staff gives you more detailed guidance on the cleaning equipment, the practices and the division of tasks regarding the cleaning of the common areas.

4.2. Catering and prison canteen

On weekdays, the prison serves four meals: breakfast, lunch, dinner, and an evening snack. On weekends and holidays, the prison serves you a breakfast, a combined lunch/dinner and an evening snack.

When you arrive at the prison, the prison staff asks you if you have a special diet and give you a form to fill in. You should also tell us as soon as you arrive at prison if you need a special diet due to health reasons or a religious or other well-founded conviction.

You can purchase foodstuffs and some other everyday products from the prison canteen. Canteen purchases are paid with the payment card provided by the Prison and Probation Service (more information under the headline Use of money). If something you need is not available in the prison canteen, you can ask whether it is possible to acquire it from outside the prison. In wards 1–4 and 6–7, it is possible to prepare food when the ward is open, but you have to buy the foodstuffs yourself from the prison canteen.

4.3. Smoking

Smoking is prohibited inside the prison. You can smoke once a day during outdoor exercise, unless you have been denied outdoor exercise in an individual situation. Smoking can also be arranged more frequently.

You can get nicotine replacement products to relieve possible withdrawal symptoms. In addition, the Health Care Services for Prisoners and the Prison and Probation Service support you if you want to quit smoking.

Smoking is prohibited in the prisoner transport vehicles and train carriages. Due to the prohibition, prisoners travelling in the prisoner train carriages are offered a necessary amount of nicotine replacement products.

5. Possession of property

5.1. Goods in possession

You may possess a reasonable amount of personal property taking into account, among others, the prison storage facilities, fire safety and inspections. If you are denied possession of an object or substance, you have the right to get a decision on the matter with instructions on submitting a request for an administrative review.

You have to read the prison rules carefully. They contain the rules concerning the possession of property and the objects you are not allowed to have in your possession.

If you want to acquire goods from outside the prison, make sure that you are allowed to possess or store them in prison before acquiring them.

The prison staff draws up an inventory of the property you brought with you. Goods that you cannot take in your cell are put in storage and you will get them back when you leave. You will not get back goods or substances that are dangerous or illegal.

If you want to exchange goods that are in your possession, you have to send a general inquiry form via the cell terminal or on paper to the reception ward. Write on the general inquiry form what you want to be given into your possession and what you return to the reception. The reception will handle matters related to the possession of property once a week during weekends. You can check from the prison rules, which things you are not allowed to have in your possession. In Pyhäselkä Prison, the senior prison officials have authority to decide on matters concerning the possession of property.

5.2. Delivery of goods to prison

During visits, your visitors may bring you a small amount of goods that you are allowed to possess during your imprisonment. Those goods include magazines, clothes and personal utility articles. If a visitor brings you foodstuffs or tobacco products, you will not get them in your possession. The goods brought by your visitor will be inspected in prison.

The visitor has to leave the goods to the prison staff at the prison gate. When leaving the goods to the prison staff, the visitor has to write down a note. The note has to include:

- the name of the prisoner;
- the name of the person delivering them;
- what goods are brought to the prisoner.

A person may bring you a small amount of goods to the prison gate on weekdays between 8.00 and 16.15. The same note attached to goods brought during a visit will be

attached to goods brought to the prison gate. The goods may also be sent to the prison by post. The prison does not accept cash unless it is for paying fines. If someone sends you cash in a letter or parcel, it is your responsibility to arrange the cash out of prison. Our system does not allow us to accept cash after your arrival.

The storage facilities in the prison are limited, which means that all your property cannot be stored in the prison. Property that cannot be stored in the prison is sent, at your expense, to a place indicated by you.

5.3. Handing over goods to be taken outside the prison

If you want people close to you to take some of your personal things outside the prison, the things can be given to them via the reception ward of the prison. If send your things from prison, you have to pay for it yourself. You have to contact the prison reception to arrange it.

6. Contacts with the outside world

6.1. Use of telephone

You may communicate with those outside prison by telephone if your communications have not been restricted (more information about the restrictions of communications is under the heading 2 Remand imprisonment). Phone credit is sold in the prison canteen. You cannot receive telephone calls in prison and information about prisoners is not given over the telephone to people outside the prison.

In general, you use the telephone at your own expense. You may be allowed to make a telephone call at the expense of the prison to, among others:

- your advocate;
- an authority overseeing the operations of the prison;
- your close relative or other close person to inform them of your admission to prison;
- your close relative or other close person to inform them of your transfer.

You must carefully read the prison rules, which include the times when the telephones are available for use in each ward and the regulations concerning the use of telephone.

6.2. Letters and postal items

You may send letters by post if your communications have not been restricted (more information about the restrictions of communications is under the heading 2 Remand imprisonment).

You can buy stamps and envelopes from the prison canteen and leave the letters in the letterbox in the ward. If you send post from prison, you have to write the name of the sender on the envelope. If you do not want to write your name on the postal item, you have to give it personally to the prison staff. You do not have to write your name on letters or postal items sent to a supervisory authority. The letterbox will be emptied on weekdays at 7.30.

You can be sent post in prison to the following address: PO Box 14, 82201 Hammaslahti.

The postal item must include the following information:

- name and address of the prison
- name of the prisoner
- details of the sender.

The prison has a duty to make sure that prisoners can receive postal parcels. The sender of the parcel has to check that the parcel is delivered to the prison. This ensures that your parcels come to the right place. The prison staff will not pick up parcels sent to you from the post office, but the parcels are delivered directly to the prison.

Please note that the recipient information required in the address field of the parcel sent to you has to be in the following order:

1. Pyhäselkä Prison
2. your name
3. address of the prison.

Letters and other postal items may be inspected in prison. Letters between you and the authorities overseeing the operations of the prison cannot be inspected. Letters between you and your advocate may be inspected in exceptional circumstances.

Letters will be delivered to wards 1–4 and 6–7 on weekdays after the post arrives. In the reception ward and ward 5, post will be delivered during the evening snack at the latest.

If an incoming letter or postal item contains money or other objects or substances, which you are not allowed to have in your possession in prison, you have to give them to the prison staff immediately.

6.3. Receiving email

You can receive email in a closed prison. The email has to be sent to the address meant for email to prisoners: [vankiposti.pyhaselka\(at\)om.fi](mailto:vankiposti.pyhaselka(at)om.fi). Your first and last name have to be written in the subject line of the email. The sender's first and last name have to be written in the message field so that you will know who sent the message.

The system deletes all attachments and pictures from the messages due to information security. You will only receive the email message.

You may be given permission to send and receive email messages on your cell terminal if your communications have not been restricted and it does not endanger, for example, prison order. Permission to use email may be granted for, among other things, handling official matters, such as judicial or social matters.

6.4. Use of internet and online workstations

The online workstations for prisoners offer a limited access to the internet and Skype. You may apply permission to use the internet by filling in a separate form. In Pyhäselkä Prison, online services are mainly used via the cell terminal and Skype is replaced by VideoVisit.

The reason for the use of the internet may be:

- subsistence
- work
- studies
- judicial matters
- social matters
- housing
- other corresponding important reason.

When you apply for permission, you have to specify the reason for the use of the internet (for example, paying bills by using an online bank). The use of the internet may be monitored.

The prison staff can give you further information on the matter and guide you in the use of services that require strong e-identification. Those include many online services of the public authorities, such as the Social Insurance Institution of Finland (Kela) and the Tax Administration. Some online services can also be used to reach the goals set in the sentence plan, such as, rehabilitation and education. The start page of the online workstations called Portti (<https://www.rikosseuraamus.fi/fi/index/portti.html>) has links to online services, which are grouped by themes.

You can read more about the possibilities of using online services under the heading Online services. Information on arranging communication via video connection (Skype or VideoVisit) is available under the heading Visits.

7. Income and use of money

7.1. Income

You will be paid a tax-free activity allowance if you participate in work, education, or rehabilitation. The activity allowance is EUR 3.01 or EUR 4.26 per day on the days you participate in an activity. At the beginning, the prison usually pays the lowest category of the activity allowance.

During the prison sentence, the paid category of the activity allowance is based on the achievement of goals set in the sentence plan and the duration and regularity of the participation in the activity. If you are a remand prisoner, the paid category is determined primarily by the duration and regularity of the participation.

The activity allowance may be left unpaid in full or in part if you receive financial support for the activity from other authority (for example study grant) or if payment is not necessary for some other comparable reason.

In addition to the activity allowance, you will be paid an expense allowance, which is 1.60 euro per each prison day, including weekends.

When you arrive at prison, you may be paid the expense allowance of the first 14 days in advance so that you can make necessary purchases. The paid advance will be deducted from the expense allowance paid you later.

7.2. Use of money

You will be issued with a Visa payment card by the prison. The prison staff stores the payment card. You can use the card by entering a personal PIN code.

You can use the payment card to pay your purchases in the prison canteen. In addition, you can use the payment card outside the prison to pay in shops and cafeterias and on trains, which accept a chip card. You can also withdraw a maximum of EUR 200 per month at cash machines in Finland. The payment card does not have the contactless payment feature and it cannot be used for online shopping. You can ask the staff about matters related to the use of the payment card.

Do not bring cash to prison. The Prison and Probation Service pays all benefits you will receive to your payment card.

Your family members cannot transfer money straight to the issued payment card. They can transfer money to the joint prisoner account of the Prison and Probation Service where the money will be transferred to your payment card. You have to make sure that people who transfer money to you know the details of the joint prisoner account of the

Prison and Probation Service. More detailed information on transferring money is available on the website www.rikosseuraamus.fi.

Please contact the prison staff if you want to send money or pay bills.

8. Visits

You can receive visitors, such as your family and friends, if your communications have not been restricted.

Different types of visits and meetings:

- supervised visit
- unsupervised visit
- visit by a child
- visit by a legal counsel
- supervised meeting between prisoners.

In addition, it is possible to communicate via video connection (Skype or VideoVisit).

You have to read the prison rules carefully. The prison rules contain more detailed information about the times, duration, conditions and application processes of visits.

You have to remember to apply for a visit in good time beforehand so that we have time to make arrangements for the visit.

Pyhäselkä Prison has separate family visit rooms. You can buy drinks or snacks for a family visit yourself from the prison canteen when it is open. The staff will store those foodstuffs and give them to you when you have your family visit.

Family camps are arranged from time to time. The prison will inform about them separately. Remand prisoners cannot attend family camps.

Visits by under 18-year-olds

A minor person may only visit someone other than the minor's own parent with the consent of the person who has custody of the minor. A visitor who has attained the age of 15 may visit a close relative without the consent of the person having custody of the minor, if the person having custody of the minor has not expressly stated that they oppose the visit. If a minor visitor has been taken into care, the child welfare authority decides on the consent.

A visitor under 15 years of age is not usually allowed to enter prison without an escort.

A visit by a child under 15 years of age may be attended by other visitors than the child and the escort. However, you may only touch the child during the visit.

9. Prison leaves

You may be granted permission to leave the prison for a short period. This is called prison leave.

If you are serving a prison sentence, prison leave may be granted based on the length of the term of sentence or for an important or a particularly important reason. Remand prisoners may be granted prison leave only for a particularly important reason. Remand prisoners may also be granted short prison leave under escort in order to attend to an urgent and necessary matter.

You can apply for prison leave by filling in an application form. The form is available on the cell terminal and in paper form. You can give the application for prison leave and its appendices to the staff of the ward on paper or via the cell terminal.

The head of prison or the assistant director decides on prison leave. In some cases, the decision on prison leave is made by the director of the Core Operations Department of the Prison and Probation Service. Prison leave may also be granted under escort.

You have to fill in your application for prison leave in good time beforehand so that we have time to process it.

9.1. Prison leave based on the length of the term of sentence

You may be granted prison leave based on the length of the term of sentence if:

- the granting of prison leave promotes the implementation of your sentence plan;
- your compliance with the conditions of prison leave may be deemed likely; and
- you undertake to submit to the substance control and other necessary supervision.

You may be granted prison leave based on the length of the term of sentence when the earliest date for prison leave has been passed. It may be granted before the set date if you have carefully complied with your sentence plan if it is necessary for the implementation of the plan or, in an individual case, for the maintenance of your outside contacts or functional capacity or for another corresponding reason.

The maximum amount of prison leave based on the length of the term of sentence is three days within a two-month period.

9.2. Prison leave for an important reason

Prison leave may be granted for an important reason. A reason considered important may be related to, among other things, family, work, education, social welfare, housing, subsistence or health care.

Prison leave is granted only for a period that is necessary to attend to the matter in question.

9.3. Prison leave for a particularly important reason

A reason considered particularly important may be related to a serious illness or funeral of a close relative or other close person or other corresponding reason.

Prison leave is granted only for a period that is necessary to attend to the matter in question.

10. Participation in activities

If you serve a prison sentence, you have to participate in activities organised or approved by the prison during the working and activity hours. You will be placed in an activity based on, among others, your sentence plan. The activity may be work, education and training, or rehabilitation, such as programmes or individual work. You may be exempted from the obligation to participate in activities if your state of health, functional capacity or age so requires.

If you are a remand prisoner, participation in work or other activities is voluntary. If you want to participate in activities, the prison aims to arrange it if possible. You may not, however, be given permission to carry out civilian work, studies, or other activities outside the prison or be placed in an outside institution.

The staff can help you with the use of all prison services.

10.1. Work activities

In Pyhäselkä Prison, the prisoners can participate in the following work activities:

- cleaning of the wards and common areas
- laundry
- maintenance of clothes (folding clean laundry and repairing mittens and felt linings for the Finnish Defence Forces)
- subcontract work (boxes)
- real estate maintenance.

If you want to take part in specific work activities, you can contact your personal official or send a general inquiry form to the instructor responsible for that work activity. The instructor will interview you before you can be placed in the work activity and tell you more about the work itself. You will receive a decision on your placement in the activity and on your activity allowance. The instructor will tell you about the task and other matters related to the work activity.

You may be given permission to carry out, on your own account, such work that is suitable for being carried out in prison. This is called own work. This kind of own work can be, for example,

translations or handicrafts. Depending on the nature of the work, you may also carry it out in your own cell. In addition, you may be allowed to use the tools of the prison for your own work free of charge.

10.2. Studying

You may study during your prison sentence. You may be granted study permission, which means permission to study outside the prison.

In Pyhäselkä Prison, you can complete basic education and general upper secondary education studies or take part in preparatory education for an upper secondary qualification (TUVA). Higher education studies are always considered individually.

General upper secondary education is arranged as contact teaching and the teachers come from Pyhäselkä General Upper Secondary School.

The preparatory education for an upper secondary qualification called TUVA is arranged in Pyhäselkä Prison by the Vocational Education Centre JEDU of the Federation of Education in Jokilaaksot and the Vocational Education and Training Centre Riveria. The aim of TUVA education is to prepare the prisoners for vocational studies and a qualification. In TUVA education, you can train, among others, study skills, everyday life skills and manual skills. You can apply for TUVA by sending a general inquiry form to the senior instructor responsible for education.

Information about the courses organised by other prisons can be found on notice boards. The study instructor can give you more information on studying.

10.3. Rehabilitation activities

Pyhäselkä Prison offers rehabilitation activities for individuals and groups. The prison has staff members, who specialise in rehabilitation and other activities:

- psychologist
- social worker
- study instructor

- senior instructor responsible for substance abuse work
 - o senior instructor responsible for religious activities

You can contact the head of prison and other officials by using the electronic or paper general inquiry form. In Pyhäselkä Prison, the prisoners can participate in, among others, the following activity programmes:

- Motivational Interviewing
- Anger Management
- Thinking skills at workplace
- New Direction
- PREDOV
- Anti-addiction

Check the notice board of your ward or News on the cell terminal. There you can find the latest information on the activity programmes and other activities. You can apply for activity programmes through the senior instructors, who can also give you more information on the programmes. Pyhäselkä Prison supports prisoners to desist from organised crime. You can talk about the matter with your personal official and a senior instructor.

The Martha Organisation arranges courses on everyday life skills in Pyhäselkä Prison. The times of the courses will be put on the notice boards. You can apply for course by using the general inquiry form and sending it to the senior instructors.

At times, we arrange other courses and activity programmes on the following topics:

- health
- Cognitive Self-Change Programme
- substance abuse
- ADHD
- children and family life.

You can find information on these courses and other events on your cell terminal or the notice board of your ward.

10.4. Online services

The implementation of the sentence plan can be advanced by using online services. The use of online workstations is described under the heading Use of internet and online workstations. In Pyhäselkä Prison, online services are mainly used via the cell terminal. You can contact Kela, the employment and economic development office or other cooperation partners via Skype with the social worker.

10.5. Exemption from the obligation to participate in activities for a fixed period

Taking into consideration the implementation of your sentence plan, you may be exempted from the obligation to participate in activities for two weekdays per each calendar month if you participate in activities regularly.

If you are charged with an offence, you will be granted a necessary exemption from the obligation to participate in activities so that you can prepare your defence. You may be exempted from the obligation to participate in activities also for some other important reason or due to a fixed-term incapacity for work.

11. Free time

11.1. Free time activities

In your free time, you may participate in free time activities arranged in the prison in accordance with the daily schedule and range of activities of the prison. If you want to participate in the planning and arrangement of free time activities, you can discuss it with the prison official responsible for them.

In your free time, you may use the music room, gym and sports hall at times specified in the daily schedule. The prison will inform about other possible events separately. You can find current information on free time activities on the notice board and in the daily schedule of your ward.

13. Behaviour in prison

Imprisonment and remand imprisonment are controlled by various rules and regulations. Therefore, you should familiarise yourself with the Imprisonment Act and the Remand Imprisonment Act. The prison order contains more detailed provisions and regulations, which you have to also follow.

You have to behave in an appropriate manner towards the prison staff, other prisoners and other people. Moreover, you have to follow the instructions and orders of the staff.

A disciplinary punishment may also be imposed on you if you commit an offence in prison or otherwise under the supervision of a public official of the Prison and Probation Service for which the maximum expected punishment is a fine. Such offences are, among others:

14. Right to file a complaint or request an administrative review

14.1. Filing a complaint

You can file a complaint to an authority that oversees legality if you feel that you have been treated inappropriately or suspect that an authority or a public official has not complied with the law or fulfilled the obligations. You can also bring any issues you have experienced to the attention of, for example, the head of prison. You can contact the head of prison via the cell terminal.

The primary solution should be to discuss the issue or conflict with the staff. It is usually the quickest way to solve it.

A complaint has to be filed in writing. Filing a complaint is cost-free. You may formulate the complaint freely in your native language.

A complaint concerning a matter dating back more than two years will not be admitted for examination. An exception may be made for a special reason.

14.2. Contents of a complaint

When you file a complaint, you have to specify which act or omission of the Prison and Probation Service or its official you criticise.

The complaint has to include the grounds for why you consider the conduct of the Prison and Probation Service or its official to be wrong.

You should state when the action or omission in question had occurred if possible.

You should mention if a complaint on the same matter has been filed elsewhere. In addition, include your name and contact information in the complaint.

14.3. Sending a complaint to an authority overseeing legality

The legality of the operation of the Prison and Probation Service and its units and officials is monitored by the internal control of the Prison and Probation Service, which is assigned to the Judicial Unit of the Prison and Probation Service.

In addition, the operation of the Prison and Probation Service is overseen by, among others, the Parliamentary Deputy Ombudsman. You may file a complaint on the same matter with more than one authority overseeing legality, but the complaint is generally investigated only by that authority where the matter was filed first.

A list of the authorities overseeing the operation of prisons is, for example, on the notice board of your ward. You can post your complaint directly to the authority overseeing legality yourself or ask the prison staff to send your complaint on your behalf. In your ward or elsewhere, you will have access to, for example, writing paper for drafting a complaint and envelopes in which you can close your confidential letter meant for a

supervisory authority. You can leave it to the prison staff to be forwarded at the expense of the prison or post it yourself if you wish. You can apply for permission to use email to contact an authority overseeing legality.

The complaint procedure is not generally meant for those decisions that are eligible for a request for an administrative review. However, the complaint process can be used to investigate the procedures, such as has your right to request a review been realised.

The Prison and Probation Service cannot investigate complaints regarding the health care or medical treatment of prisoners. The legality of the health care and medical treatment of prisoners organised and provided by the Health Care Services for Prisoners is overseen by the Regional State Administrative Agency of Northern Finland.

14.4. Request for an administrative review and appeal to Administrative Court

A request for an administrative review is the primary means of a legal remedy and appeal. The decisions of the Prison and Probation Service that are eligible for a request for an administrative review are listed in the Acts on the specific sanctions. The relevant provisions are:

- Imprisonment Act, chapter 20, section 1;
- Remand Imprisonment Act, chapter 15, section 1
- Act on Probationary Liberty Under Supervision, section 40
- Act on the Enforcement of Community Sanctions, chapter 14, section 86

Such decisions include instructions on submitting a request for an administrative review. The request for an administrative review has to be submitted in writing within seven days from the date you were informed of the decision.

You can send your request for an administrative review yourself to the decision-maker referred to in the instructions by post or email or give it to the head of prison via internal post the within the time limit who then forwards it to the decision-maker.

If you send your request for an administrative review yourself by post, please note that the delivery is at your own risk. In general, letters should be delivered within 4–5 working days from the date of posting it. It is possible that, due to the postal delivery and its possible delays, the request for an administrative review you have sent yourself may not reach the decision-maker within the seven-day time limit, in which case your request for an administrative review cannot be admitted for consideration.

If you are not satisfied with the decision on your request for an administrative review, you may appeal against it to the Helsinki Administrative Court. The appeal instructions are attached to the decision you received. You can submit your appeal to the Administrative Court, for example, by post or through your legal counsel. You can also give it to the head of prison within the appeal period, who will forward your appeal to the court without delay. The prison has a duty to forward the appeal given by the prisoner to the competent court without delay. Without delay means that a matter considered urgent at least by the prisoner should be forwarded electronically.
